

Your project. Everything connects.

Demo document package from the working SMART P platform.

Property	Area	Rooms
Riverline · A-142	70 m ²	4

Scandinavian style · cream palette · SPC in dry rooms

The model, engineering diagrams, specification and estimate are calculated by the application's original modules. Every sheet belongs to the same project.

This example retains the current demo calculation: SPC, bathroom tiles, wall preparation and painting. It demonstrates the documents and is not a specification for a future fully dry WPC / PU / UV kit.

Inside the package	Contents
Plans	Measured floor plan and furniture layout
Engineering	Electrical, water and low-voltage systems
Fit-out specification	49 furniture, appliance and equipment items
Cost estimate	173 line items · 3 745 947 RUB

Prices, manufacturers and SKUs belong to the demo catalogue. Personal data, signatures, contractual schedules and banking terms are not included in this public example.

The floor plan shows a rectangular house with overall dimensions of 10.00 m by 7.00 m. The layout includes a large Living room / kitchen area (45.5 m²) on the left, a Bedroom (14.7 m²) on the top right, a Bathroom (5.6 m²) on the bottom right, and an Entrance hall (4.2 m²) on the far right. The rooms are separated by thick black walls. There are three windows: one on the left wall of the living area, and two on the top wall, one in the living area and one in the bedroom. Arched doorways provide access between the living area, bedroom, bathroom, and entrance hall.

Room	Area (m²)
Living room / kitchen	45.5
Bedroom	14.7
Bathroom	5.6
Entrance hall	4.2
Total	69.4

The diagram is built from the demo apartment's digital model. Geometry and points come from the application; implementation and approval for a specific property are handled separately.

Furniture and finishes plan

AP-2 · Furniture, appliances, flooring, accent walls

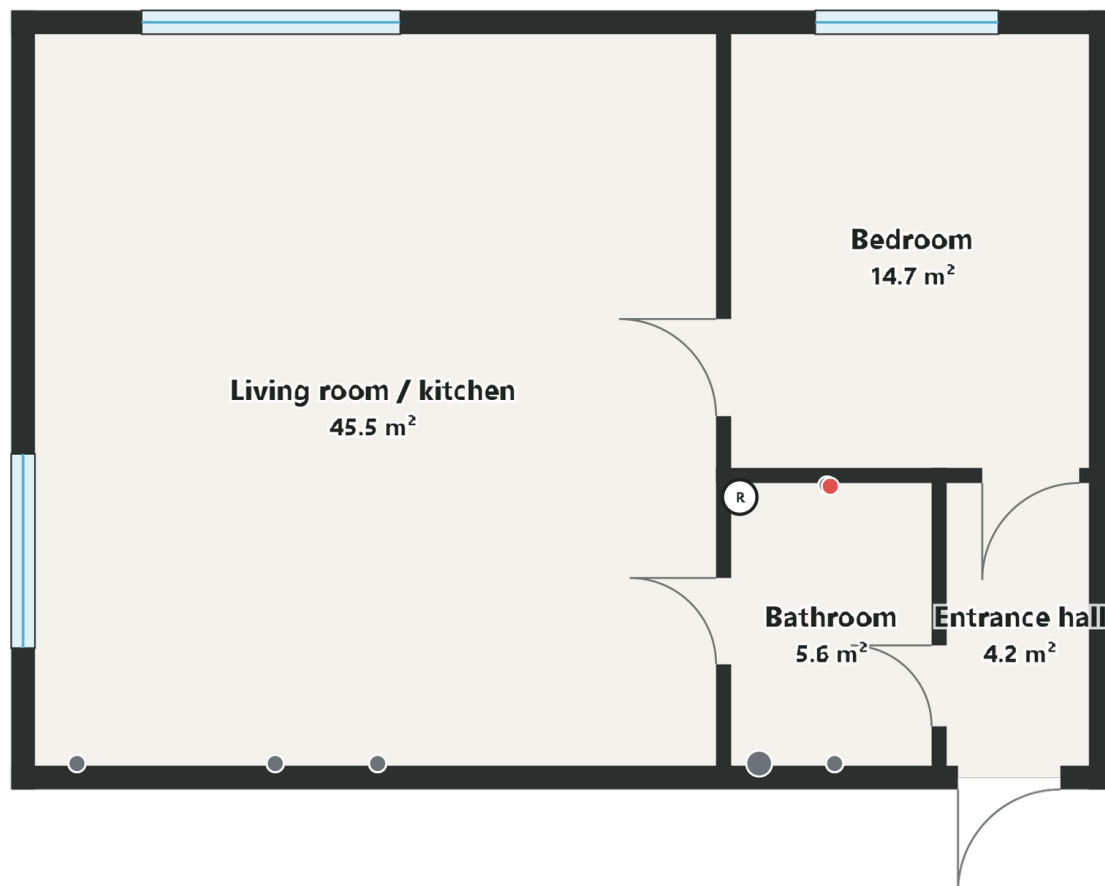

Dimensions and areas come from the digital model.

The diagram is built from the demo apartment's digital model. Geometry and points come from the application; implementation and approval for a specific property are handled separately.

The diagram is built from the demo apartment's digital model. Geometry and points come from the application; implementation and approval for a specific property are handled separately.

Water supply and drainage

BK-1 · Water, drainage and riser connection points

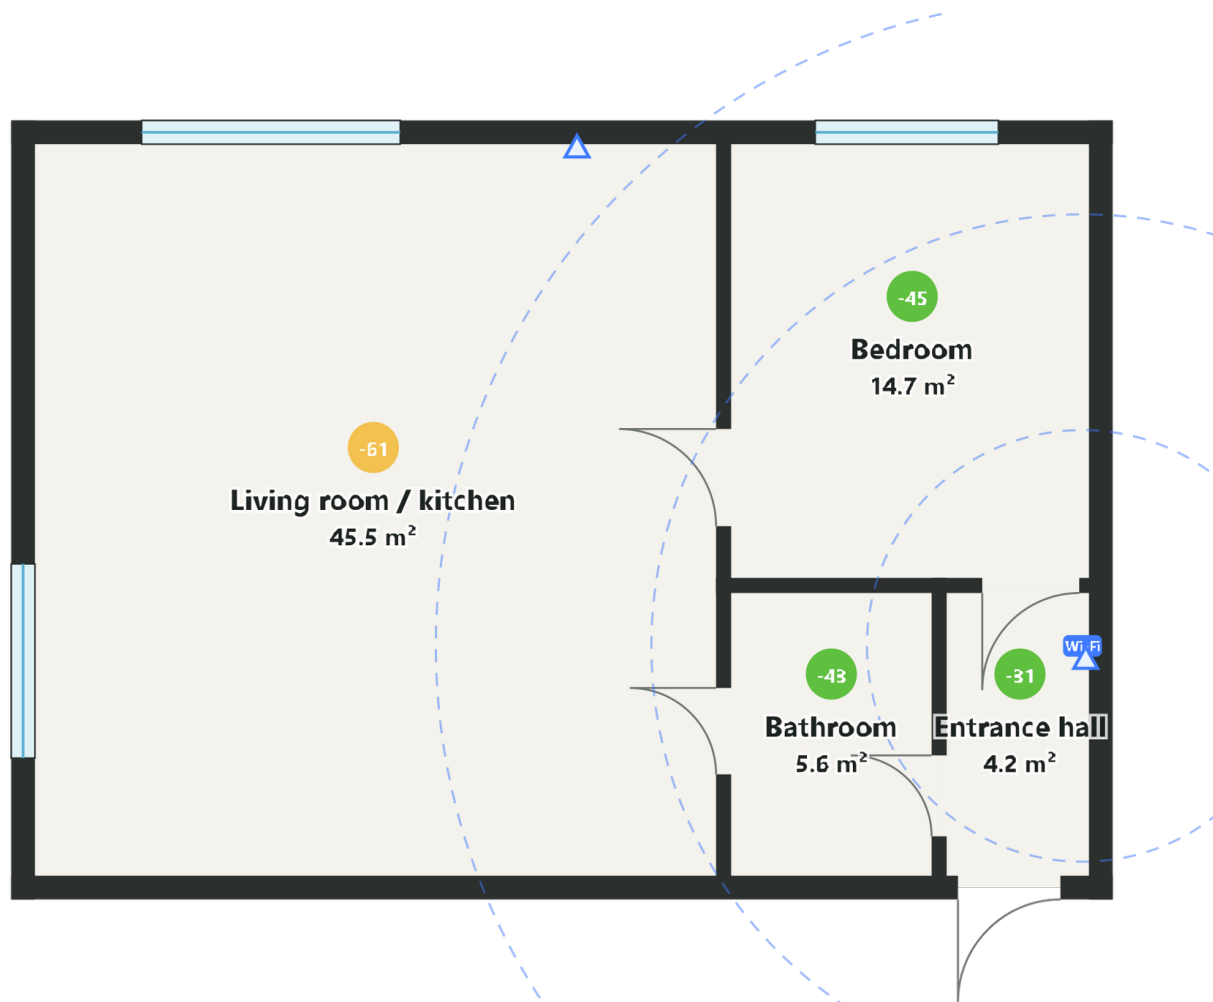

Legend: blue = cold water; red = hot water; grey = drainage; R = riser. Connection points are shown; routes and installation dimensions require separate approval.

The diagram is built from the demo apartment's digital model. Geometry and points come from the application; implementation and approval for a specific property are handled separately.

Low-voltage networks

CC-1 · Network outlets and estimated Wi-Fi coverage

Legend: triangle = network outlet; dashed line = estimated Wi-Fi coverage. Actual coverage is checked against walls, interference and selected equipment.

The diagram is built from the demo apartment's digital model. Geometry and points come from the application; implementation and approval for a specific property are handled separately.

Electrical.

Board circuits

ЭМ-2 · demo calculation parameters

Plan points are linked to circuits QF1–QF12. Cables, lengths and protective devices come from the application's engineering module.

Circuit	Purpose	Cable	Breaker, A	Length, m	Protection
● QF1	Lighting: living room / kitchen, bedroom	ВВГнг(А)-LS 3×1,5	10	26	Circuit breaker
● QF2	Lighting: bathroom, entrance hall	ВВГнг(А)-LS 3×1,5	10	18	Circuit breaker
● QF3	Sockets: living room / kitchen	ВВГнг(А)-LS 3×2,5	16	33	Circuit breaker
● QF4	Sockets: bedroom, entrance hall	ВВГнг(А)-LS 3×2,5	16	25	Circuit breaker
● QF5	Kitchen: work area and built-in appliances	ВВГнг(А)-LS 3×2,5	16	17	Circuit breaker
● QF6	Bathroom: moisture-protected sockets and connections	ВВГнг(А)-LS 3×2,5	16	8	RCBO
● QF7	Inverter air conditioner	ВВГнг(А)-LS 3×2,5	16	14	RCBO
● QF8	Inverter air conditioner	ВВГнг(А)-LS 3×2,5	16	7	RCBO
● QF9	8 kg washing machine	ВВГнг(А)-LS 3×2,5	16	16	RCBO
● QF10	Induction hob	ВВГнг(А)-LS 3×10	40	13	RCBO
● QF11	Built-in oven	ВВГнг(А)-LS 3×2,5	16	13	RCBO
● QF12	45 cm built-in dishwasher	ВВГнг(А)-LS 3×2,5	16	15	RCBO

RCBO: residual-current circuit breaker with overcurrent protection. The calculated lengths and equipment in this example do not replace engineering approval for a specific property.

Rooms

Room	Area
Living room / kitchen	45,5 m²
Bedroom	14,7 m²
Bathroom	5,6 m²
Entrance hall	4,2 m²

SMART P

Fit-out specification

Selected project items

Furniture, appliances and equipment from the demo catalogue. The selection belongs to model SR-DEMO-SPC-001.

The model has 5 doors: the entrance door belongs to the developer's fit-out. The renovation supply and corresponding estimate line include 4 interior doors.
